WHERLING, Dec. 8th, 1888.

I have visited Dr. Lighthill at the McLure House and obtained his freatment for the cure of Deafness and noises in the ears, with which I have suffered for four years; and can say that I have been greatly benefitted by its use, although I have applied it but twice, and that the treatment is perfectly painless and calculated to produce permanent and beneficial results.

Well Attested Cure of Catarrh. DR. A. P. LIGHTHILL—DEAR SIR:—You treatment in the cure of my Catarrh has had the desired effect, and resulted in permanen treatment in the case the desired effect, and resulted in permanent good to me, although my case has frequently been pronounced incursable, and I had exhausted all other modes of treatment, without the least benefit. My case was so thronic and troublesome, that by giving a few of the tymptoms the value of your treatment can be more readily estimated. For years I had been afflicted with a constant cold in the head, obstructing my breathing so as to necessitate me to keep my mouth open during sleep; latterly the discharges became solidified and impacted in my nose to such an extent that it required the greatest exertion to expel them. Sometimes these harasolidified and impacted in my nose to such an extent that it required the greatest exertion to expel them. Sometimes these haraened lumps would get in my throat causing me to hawk and scrape even by the hour to relieve myself. My breath was oftensive; my memory became impaired. Dizziness and iight headiness made their appearance, and of late symptoms of paralysis stepped in, and when I placed myself under your care one side of my face was badly affected by this dread disease. My general health suffered alike, there was a constant tired, drowsy and debilitated feeling, with no energy to move or act; I felt astired on rising in the morning as I did on going to my bed, my appetite was capricious and my disposition under your care, and am happy to state that all those disagreeable and dangerous symptoms have entirely left me, and I once more enjoy the benefits of good health.

By giving this publicity you will benefit others similarly affected and oblige me.

TO MY FRIENDS AND THE PUBLIC:
It affords me great satisfaction to be able to testify to the success of Dr. Lighthill in the treatment of deafness, and express my sense of obligation to him. My hearing has been impaired for a number of years, at times to such an extent as to embarrass me seriously. Dr. Lighthill, under whose care I placed myself, has removed the difficulty completely, and restored me to perfect hearing.

The Constitutional amendment and bill relating to suffrage, were postponed

until after the morning hour, with the substitutes offered therefor by Messrs. Bingham, Shellabarger and Ward. Mr. Bingham's substitute is as follows:
"No State shall make or enforce any law which shall abridge or deny to any citizen of the United States, of sound mind and over 21 years of age, the equal mind and over 21 years of age, the equal exercise of the elective franchise at all elections in the State, wherein he shall have actually resided for a period of one year, next preceeding such election, ex-cept such of said citizens as shall here-

after engage in rebellion or insurrec-tion, or who may have been or shall be dnly convicted of treason or other crime of the grade of felony in common law."

The substitute of Mr. Shellabarger is in nearly similar terms as that of Mr. Bingham's, except that Mr. Shellabar-ger's permits the disfranchisement of those who have engaged in rebellion, while Mr. Bingham's only permits the disfranchisement of those who may hereafter engage in rebellion. The substitute of Mr. Ward, like that

of Mr. Shellabarger, applies to those who have been engaged in rebellion, and restricts the States from fixing the terms of residence required of voters at Ionger than one year.

> Allegheny Cattle Market. ALLEGHENY, Jan. 27.

CATTLE.—The number of cattle on sale Monday was very small, aggregating about 700 head, but with a limited demand, the supply proved sufficient to supply the local trade, there being no inquiry for shipment. Sales opened at last week's prices, but dragged considerably, butchers showing little disposi-tion to buy except at concessions. Prime cattle sold in a retail way at 7½a Sc, and extra at 3½a8½c; fair to medium, which seemed to be most sought after, brought 5½a7c, while "scalawags," which include every grade from medium to 0, ranged from 3½a4½c. The dullness of the market may be in part accounted for by the fact that a good many butchers had a week's supply on SHEEP.-There was a good supply of

sheep, and with a limited demand, considerable number were left over un gold. The whole number on sale was about 1,500, of which an unusual pro-portion consisted of inferior quality. Prime sheep were in fair demand, and brought good prices, but inferior ranged low. The former may be quoted at 5a6c per pound, and the latter at \$1 50a2 00 per head.

Hoos—The market was not so strong

as on the previous Monday, and prices were a shade lower. Light to prime heavy averages brought 10a13c per pound. A still further decline is an-ticipated for next week.
